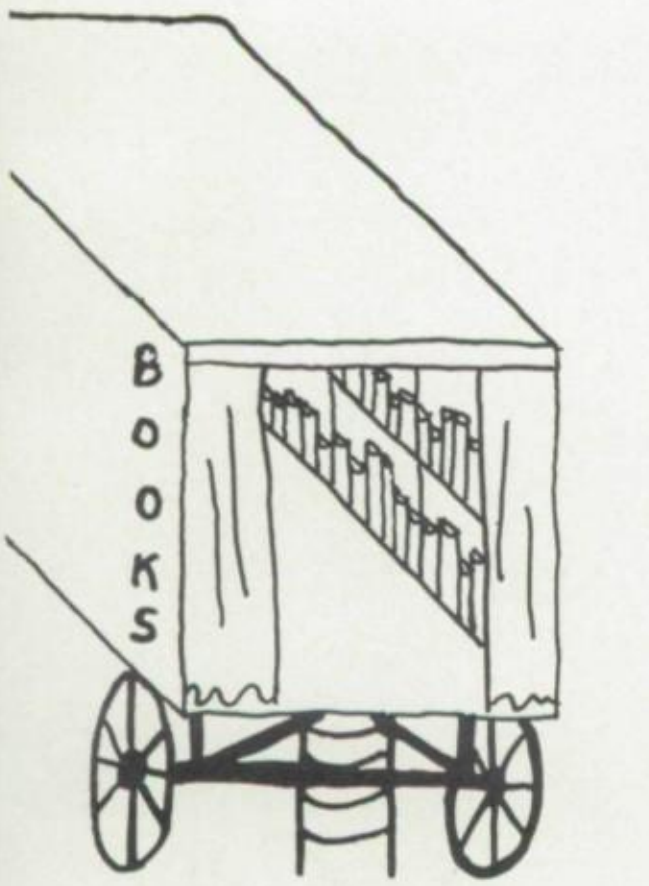
ADMINISTRATION



Congratulations, class of 1953, on your choice of the State of Ohio Sesqui-Centennial theme for this year book. The one hundred fiftieth birthday celebration of this great state will have real meaning if by a study of its past progress we are led to an even greater period of achievement. I envy you the chance you have to play an important part in this new period.

G. H. Burns, Superintendent

Sesqui-Centennial Thoughts

The heritage of free Americans is the greatest birthright any people on the earth ever had. Great men wrote our constitution; courageous men cleared our wilderness and spanned the continent, pioneer women contributed their sacrifice and toil. And in every generation there have been Americans who loved freedom more than life itself—men who have fought that we might be free today. We owe it to them to preserve that freedom, whatever the cost. And we owe it to those who come after us. For the American heritage belongs not only to us but to them.

E. E. Andrews, Principal

Board of Education

LEFT TO RIGHT: Superintendent G. H. Burns, Dan Knurek, Earl Lewis, Vice President; Henry Werner, Jr., President; Bernice Schroepel, Clerk; John Names, Stanley Gorka (Absent)

Ever since the Northwest Ordinance of 1787 was enacted, Ohio has been the nation's foremost leader in education.

This Northwest Ordinance of 1787 set aside the 16th tract of each township section to be used for the support of schools and it declared that "schools and the means of education shall forever be encouraged."

Through the stupendous efforts of the Boards of Education throughout the state, Ohio has built a well-organized school system that provides equal, educational opportunities for all.

Rossford has not lagged behind in this development. Through the years its Board of Education has expanded the school facilities to absorb the increased enrollment. It has supported various local levies to improve our schools and build new facilities.

Indeed, it is such local Boards of Education as our Rossford one, that has made Ohio education what it is today.

The Trail We Blazed Together

As pioneering FRESHMEN, we settled four years ago under the exalted leadership of Anthony Zawojski, and his able crew consisting of Herb Young, vice president, Vince Langevin, secretary and treasurer, and John Doren, Sergeant at Arms. We were rather quiet then, but you learn fast here, and as the time went by we came to be . . . .

THE SOPHOMORES of Rossford High. That year was a huge success as everyone will agree. We were under the unbeatable command of Jake Shufritz, and his round table, which held such notables as Herb Young, vice president, and Jane Mathis, as secretary and treasurer. We had our skating party, the best one ever they said; but they'll be saying that to every class from here on in.

Then we were JUNIORS, me oh my! We had a magazine campaign, which came out rather well, because the kids got out and really tried to sell. Our president was Vince Langevin, our vice president, Ray Furry, as secretary, Betty Key, treasurer, Martha Mathis, and reporter, Tom Minarcin. We mustn't forget the Ball you know, the biggest event of the year. You have to pick the time, the place, the way you'll comb your hair. That's all in the past now though. The fun we had that night! Now all we have is the ribbon from the corsage so soft, yet bright . . . .

Now we are SENIORS, yes, it certainly took a long time, but all the memories we have built were worth those last three years. We're not sorry for the things we've done, no, not sorry at all. We're glad, in fact, for the things we've done, and the thought of our jobs well done. Our president was Ray Furry, vice president, Tom Minarcin, Betty Key was our secretary, and Jake Shufritz, our treasurer. They were a great cabinet and did what could be done, and I suppose we had our share of tribulations and fun. No, these years won't be forgotten, not for many years, and later on they'll bring us joys and perhaps some happy tears.

The '53 Journalism Class under the direction of Mr. Kohler published the 1953 Maroon & Gray. The R-Echo was issued bi-monthly. Bob Caswall served as editor, Erma Lee as literary editor, and Herb Young was business manager. We decided on the theme of the Sesqui-centennial for our annual and discovered what pioneers in journalism we were.

Everyone on the staff had an important job in that we were a close-knit organization that required and received the cooperation of every member.

The Rossford Commercial Association consists of those girls and boys who are taking the Commercial course. Its purpose is to better educate the members in the clerical and stenographic field and to enlighten them as to the various types of jobs connected with the commercial department so that when they are ready to take on the responsibility of getting a job they will know definitely what they want.

As an example of what the RCA has done, the members had the privilege of meeting two women from the Ohio Bell Telephone Company. They spoke on the opportunities of a job at the Telephone Company and the many famous women in Ohio history. This program was set up to enable the men and women of tomorrow to be better acquainted with what is happening in their environment.

This club is under the direction of Mrs. Jo Ellen Baggett and the cabinet consists of Betty Key, President; Tina Pietrasz, Vice-President; Lucille Duly, Secretary; Margie Pennese, Treasurer; Phyllis Stanford, Temporary Secretary, and Carolyn Minarcin, Recorder.

The Rossford Junior High football team, coached by Mr. S. Crawford, had a very successful season in winning four out of five games. They ran from a Split-T formation all season and are trying to improve this technique for varsity play in later years.

This was an unusual year for the Junior High team in that their line outweighed the varsity line. We are expecting great things from this group of boys.

Good luck, fellows.

It is given to only a few to use their life span to benefit all generations to come after them . . . Such was the gift of Thomas Alva Edison, pioneer in applying electricity to better the lot of mankind.

We are proud to bear his name

● Only a holder of the original Edison license may use the name "Edison" as part of its corporate title. It is the mark of a pioneer. Toledo Edison, a business-managed, tax-paying electric company, is proud to be so honored . . . and we renew our pledge to serve our customers to the very best of our ability.

THE TOLEDO Edison Company

A PROGRESSIVE POWER COMPANY SERVING ONE OF AMERICA'S MOST PRODUCTIVE AREAS

"If you have 5 Apples, and give Tom 2..."

Remember the old arithmetic problem? It ended "How many will you have left?"

Ask yourself the same question about the *dollars* you earn today. If you'll resolve to pay yourself first—to set aside a part of your salary, regularly, before you start to spend—you'll find that you always get a satisfying answer.
